

Location: 47-49 St. Stephens Green, Dublin

Client: Michelle Hetherington from DJI Design and Construct for Aralez Pharmaceuticals

Product: MOD11242201 Track Surface Profile 1M White Shiny x 2, MOD11240101 Track Surface 2M White Shiny x 2, MOD11241501 Connector Track Internal White Shiny x 1, MOD11240501 Power Feed Track Right Surface White Shiny x 3, MOD11241401 Endplate Track White Shiny x 3, MOD12733709 MEDARD Track LED 2700K Flood GI White x 9.

Brief: Aralez Pharmaceuticals is a global pharmaceutical company located in St. Stephens Green, Dublin.

Our client chose the below track and spot lighting to highlight the signage and artwork around the building. This includes the reception area where track lighting is used to shine light downwards onto their branded sign. Also to light artwork on an Aristotle quote and light the back wall of their boardroom graphics.

Testimonial:

"We are happy with the service provided by National Lighting. The lighting was used to highlight artwork. We chose the products because we know the manufacturer really well and are aware of the quality of the design and production." – Michelle Hetherington, Creative Director of DJI Design & Construct
